July 5, 2012

Dear Property Owner/Resident:

The City of Burlington Common Council recently awarded the contract for the "2012 Burlington Streets Project" to Stark Asphalt. Work is expected to begin within the next two weeks. Details of all projects are listed below.

Location	From	To	Project Description
Milwaukee Ave.	Congress St.	100 ft. N. of Paul St.	Milwaukee Ave. will be reconstructed with concrete pavement. The work will be staged so that it can be performed under traffic. Temporary signals will be placed at the intersection of Grove St. and Milwaukee Ave. The 6" watermains, from Grove St. to Paul St. will be relaid and water services will be reconnected. Sanitary sewer mains will be lined with a cured-in place liner, from Congress St. to Paul St. After sanitary sewer is lined, laterals will be reopened. The contractor is responsible for holding project update meetings and will inform all affected parties of the date/time/location of the meetings.
Kendall St.	W. Chestnut St.	N. Pine St.	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made. Where parkway currently has asphalt, and curb is replaced, the asphalt area will be replaced with turf.
Highridge Rd.	All		Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.
Dale Dr.	Dunford Dr.	Westerly right-of-way line	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made and handicap ramps added, as needed.
Dunford Dr.	S. Pine St.	Westerly edge of existing pavement	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made and handicap ramps added, as needed.
Echo Dr.	Paul St.	Monica Ave.	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.

Location	From	To	Project Description
Foxtrail Circle	All		Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.
Industrial Dr.	S. Kane St.	Brookview Ave.	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.
S. Kane St.	Railroad Tracks (S. of Market St.)	Industrial Dr.	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.
Robins Run	Briody St.	Northerly dead end	Asphalt pavement will be milled and resurfaced. Spot repairs to curb and gutter will be made.
Alley in Elm-Hurst Subd.	Bounded by N. Maple Ave., N. Elmwood Ave.	and Walnut St. and Summit Ave.	Asphalt alley will be reconstructed. Alley approach and sidewalk through the approach areas will be replaced, as needed. Owners will be assessed per previous notifications.

During these projects, you should be able to access your property at *most* times. However, there may be periods of time when work is being done in front of your property such as open trenching, when concrete is poured, or when asphalt is being placed that you may need to remove your vehicle(s). The contractor will notify you of these times, so that your vehicle(s) will not be blocked in, prior to the work. Our City Police Dept. will cooperate with owners, in the residential areas, that must park on-street overnight on adjacent streets. **Please watch for changing traffic patterns, particularly on Milwaukee Avenue.**

City contacts during construction will be: Dan Jensen, DPW Supervisor at 262-539-3770 and Mike Timmers, Kapur & Associates at 1-414-254-6107.

Sincerely,

Judy Gerulat

Judy Gerulat,
Engineering Technician
