Permit Fee Examples

The City of Burlington acknowledges that the intent of Section 66.10014 of the Wisconsin Statutes is to estimate the average cost to construct a new dwelling unit in the City. The following tables describe two things. First, Table 1 shows the total permit fees collected in 2022 for a sample of new single-family homes with 2022 property assessments. Table 2 further breaks down the total permit fees to identify specific fees charged for a new single-family home constructed in 2022.

§ 278-76. Objecting agency review fees.

The subdivider shall transmit all fees required for state agency review to the City Clerk at the time of application if the Clerk is forwarding the plat for said review. Said review fees shall be retransmitted to the proper state review agency by the City Clerk. § 278-78. Improvement review fee.

The subdivider shall pay a fee equal to 1% of the cost of the required public improvements as estimated by the City Engineer at the time of the submission of improvement plans and specifications to partially cover the cost to the City of checking and reviewing such plans and specifications. The fee may be recomputed, upon demand of the subdivider or City Engineer after completion of improvement construction, in accordance with the actual cost of such improvements and the difference, if any, shall be paid by or remitted to the subdivider. Evidence of cost shall be in such detail and form as required by the City Engineer.

§ 278-79. Inspection fee.

Said fee shall be paid to the City Clerk at the time of first application for approval of a final plat of said subdivision in the amount as set by the Common Council for each dwelling unit within the plat. Public site fees shall be placed in a separate service district fund by the City Clerk to be used only for the acquisition

and development of park sites which will serve the proposed subdivision. Said fund shall be established on the basis of the service area of existing or proposed park facilities.

§ 278-82. Tree fee.

If the subdivider does not plant street trees in the subdivision or minor land division as set forth in § 278-65 of this chapter, the Plan Commission shall require a fee for the acquisition and planting of trees in the subdivision. Said fee shall be paid to the City Clerk at the time of first application for approval of a final plat of said subdivision in the amount as set by the Common Council for each tree that is required under § 278-65 of this chapter.
